Toothpastes Without Sodium Lauryl Sulfate

January 1995 CRA Newsletter, page 3, abstract #1 reported that sodium lauryl sulfate, a common constituent of most dentifrices, can induce aphthous ulcers. Since publication, CRA has received many calls requesting names of dentifrices that do NOT contain sodium lauryl sulfate.

1. Fluoridated dentifrices that do not contain sodium lauryl sulfate:
 - a. BIOTENE DRY MOUTH TOOTHPASTE - by Laclede (800) 992-5856 and (310) 515-1430
 - b. PERI GEL- by Zila Pharmaceuticals, (800) 922-7887 and (602) 266-6700
 - c. REMBRANDT NATURAL (new formulation)- by Den-Mat (800) 433-6628 and (805) 922-8491
 - d. YOTUEL - by Biocosmetics (91) 357 15 83 (in Europe only)
2. Non Fluoridated dentifrices that do not contain sodium lauryl sulfate:
 - a. DENTI - CARE SYSTEM - by Melaleuca, Inc. (208) 552- 0700
 - b. FIRST - TEETH - by Laclede (800) 922-5856 and (310) 515-1430
 - c. RETARDENT - by Rowpar Pharmaceuticals, Inc. (800) 643-3337 and (602) 948-6997
